TVET

(TAFE-DELIVERED VOCATIONAL EDUCATION AND TRAINING)

With TVET, you can get a head start on your career and complete a TAFE NSW course while still at school!

All TVET courses count towards your HSC, with some contributing towards an Australian Tertiary Admission Rank (ATAR).

WHAT IS TVET?

On successful completion of your TVET course, you will gain two credentials when you finish school; one from New South Wales Educational Standards Authority (NESA) and another from TAFE NSW.

TVET studies can be used to help you gain a place at a university by contributing to your ATAR. Your TVET qualification will also provide you with an industry qualification and count towards advanced standing in your next TAFE NSW course.

At TAFE NSW, you'll gain work-related skills and experience that are recognised and valued by employers. In many TVET courses you will also be required to complete mandatory work placement, in addition to your theoretical training.

FREQUENTLY ASKED QUESTIONS

DOES MY TVET COURSE CONTRIBUTE UNITS TOWARDS MY HSC?

All TVET courses count towards your HSC units.

CAN MY TVET COURSE BE USED IN THE CALCULATION OF MY ATAR?

Only some TVET courses count towards an ATAR. These courses are specified by NESA and require students to complete a full 240 hrs of delivery and also sit the HSC exam for the subject. You should check with your school careers adviser to ensure that you have a suitable pattern of study to be eligible for an ATAR.

WHERE DO I GO TO CLASS?

TVET classes are usually held at a TAFE NSW location, but sometimes TAFE NSW teachers will come to your school. There are courses delivered online, via a connected classroom model or as a block delivery which may involve school holiday periods.

WHEN DO I ATTEND CLASS?

Depending on the delivery mode and the arrangement between your school and TAFE NSW, classes may require attendance at TAFE on a weekly basis, block periods or have an online or connected classroom timetable. Class sessions may extend into out of school hours.

HOW LONG WILL THE COURSE RUN FOR?

The course will run between one and two years depending on the pattern of study undertaken.

WILL I GET ASSISTANCE IF I HAVE A DISABILITY?

Careful consideration will be given to the courses selected by students with a disability. The chosen course must be assessed as the most appropriate course for the student and one that will provide successful vocational outcomes. TAFE NSW will organise for you to be interviewed by a disability consultant and your school will need to complete an additional form to ensure any necessary support requirements are considered at time of placement.

WHAT ARE THE REQUIREMENTS OF A TVET COURSE?

TVET courses carry the same requirements as normal school courses. Attendance is mandatory unless prior consent is given. TAFE NSW requirements vary for each individual TVET course and will be clearly explained by the teacher at the start of your course.

HOW DO I APPLY?

Students are advised to speak to their school careers adviser or TVET coordinator to select a course that best meets their educational and vocational needs. Schools will then assist students with the application process.

WHAT SUPPORT SERVICES ARE OFFERED?

We believe flexibility and support is critical in ensuring the success of our students. That's why we have a number of support teams and services available to you:

- Aboriginal student support
- child care facilities on-site at selected locations
- car parking on-site for your safety and convenience
- online courses so you can study when and where it suits you
- academic support teams
- career counselling
- scholarships and fee support.

For more information about support services available at TAFE NSW visit www.tafensw.edu.au/student-services

SCHOOL-BASED APPRENTICESHIPS & TRAINEESHIPS

You can gain valuable work skills and experience while you are studying for the HSC as you combine paid work, school and TAFE training.

At the end of your school-based apprenticeship you will have finished the full first year of your apprenticeship.

After successfully completing a school-based apprenticeship or school-based traineeship, you will receive a TAFE transcript of academic record which may count towards further study.

For more information visit www.sbatinnsw.info

HOW TO USE THIS GUIDE

Each course has a brief description and includes some career opportunities and ideas about what you can study after you have finished your TVET course. See the key below to find out more about each course:

ATAR

This course will contribute to your Australian Tertiary Admissions Rank.

WP

This course includes mandatory work placement hours.

SBAT

This course may be offered as a school-based apprenticeship or traineeship.

SS

Specialisation study available - additional study is available in this area. You must be currently studying the 240 hour course at school or TAFE.

Each course shows a possible qualification outcome. Not all NESA syllabuses provide a full qualification outcome. Depending on the syllabus and your chosen pattern of study, you may achieve a full qualification or you may achieve a Statement of Attainment towards a qualification. Every student will receive a transcript of competencies achieved at the end of their studies.

BOARD-DEVELOPED

INDUSTRY CURRICULUM FRAMEWORK (ICF) COURSES

TVET ICF courses will count towards your ATAR (provided you meet all of the HSC syllabus requirements), your HSC and a TAFE qualification.

ICF courses are developed by the NSW Education Standards Authority and include a range of industry areas.
